INTRODUZIONE

PREFACE

L'ANICA (Associazione Nazionale Italiana Cavallo Arabo), orgogliosa di essere l'unico membro ufficiale in Italia della World Arabian Horse Organization, è lieta di presentare il volume VIII dello Stud Book, che comprende tutti i cavalli Purosangue arabi nati ed importati in Italia registrati dal N. 8.501 al N. 10.000.

Per una miglior comprensione, sono stati usati i nomi originali dei cavalli importati ed è stata menzionata la sigla del paese di origine.

Pensiamo che questo sia di considerevole aiuto per i soci allevatori che intendono condurre ricerche sui pedigrees per varie generazioni.

Dobbiamo inoltre precisare che alcuni cavalli sia di importazione che nati in Italia sono stati inseriti in questo Stud Book sulla base dei documenti forniti, anche se l'identità di questi cavalli, attraverso il controllo incrociato della tipizzazione non è ancora stata verificata; perciò l'ANICA si riserva ogni diritto, nel caso in cui il controllo sul l'identità risultasse negativo, di radiare il soggetto dallo Stud Book con la sua eventuale discendenza.

L'ANICA (Associazione Nazionale Italiana Cavallo Arabo), is proud to be the only one member of the World Arabian Horse Organization, in Italy and glad to introduce the volume VIII of the Stud-Book, that include all the purebreds Arabian horse born or imported in Italy from n° 8.501 to n° 10.000.

For a better understanding, we have used the original names of the imported horses and we have mentioned, the country of origin's abbreviation.

We think that this is useful for members and breeders who want to look back in to pedigrees for many generations.

Moreover we must specify that many imported horses trave been registered in this Stud-Book on the ground of the documents produced by the export country, even if the identity of these horses hasn't ever been verified through the crossed control of the blood typing.

So, ANICA reserves the right to strike off a horse with its eventual descendants from the Stud-Book, if the control on its identity will result negative.

Il Presidente
Avv. Vincenzo Pellegrini

Il Segretario
Massimo Meldo

ISTRUZIONI

INSTRUCTIONS

Questo libro genealogico segue le principali direttive del General Stud Book britannico indicate dal Sig. James Weatherby. Esso è formato da tre parti principali.

1) SEZIONE DELLE GENEALOGIE

Questa sezione contiene le genealogie estese alla quinta generazione per ogni puro sangue Arabo registrato in Italia importato, o del quale uno o entrambi i genitori non sono stati registrati in Italia. L'elenco è in ordine alfabetico.

2) SEZIONE PRODUZIONE degli STALLONI

In aggiunta a tutti gli stalloni che hanno generato puledri purosangue in Italia, in questa sezione compaiono anche i padri di cavalli importati con relativa genealogia, soprattutto per fornire informazioni sulle linee di questi stalloni e determinare la loro importanza nei programmi allevatoriali italiani.

3) SEZIONE PRODUZIONE delle FATTRICI

Questa sezione elenca tutte la fattrici che hanno partorito puledri purosangue registrati all'ANICA dal N. 8.501 al N. 10.000.

L'elenco è in ordine alfabetico. Ogni puledro è elencato secondo l'anno di nascita. Come informazioni supplementari, per ogni puledro è indicato il padre e l'allevatore (proprietario della fattrice all'epoca dell'accoppiamento).

This Stud Book follows the main set down by the British Generai Stud Book designed by Mr. James Weatherby. It consists of three major sections.

1) THE PEDIGREE SECTION

This section contains the pedigrees extended to fifth generation of all the purebred Arabian horses registered in Italy, of which one or both parent trave not been registered in Italy. The listing is alphabetical.

2) THE GET OF STALLIONS SECTION

In addition to all the sires who have produced purebred foals in Italy, the pedigrees of the sires of imported horses have been printed in this section as well, mainly to provide information of the blood-lines of these sires, and to determine their importance in Italian breeding programmes.

3) THE GET OF MARKS SECTION

This section lists all mares which have produced purebred foals registered with ANICA from n° 8.501 al n° 10.000. *The listing is alphabetical. Each mare's foals are listed by year of birth Sires and breeders are given as supplementary information.*

COME USARE LO STUD-BOOK

HOW TO USE THE STUD-BOOK

Quando si conosce solo il nome di un cavallo, questo può essere trovato nel registro in ordine alfabetico che fornisce il relativo numero di registrazione. Quindi, il registro in ordine numerico fornisce le seguenti informazioni:

When only the name of a horse is know, it can be found in the alphabetical register which gives its registration number. Next the numerical register provides the following information:

• **SE IL CAVALLO E' STATO IMPORTATO**, dopo il suo nome sono indicate le iniziali di uno stud book estero. Questo significa che il cavallo può essere trovato nella sezione delle genealogie (che è in ordine alfabetico) se uno o entrambi i genitori non sono stati precedentemente registrati in Italia.
E' possibile che i nomi dei cavalli siano indicati come si usava originalmente nei loro Paesi di origine. Per esempio: Fouzan (EAO), che era chiamato Fawzan in Francia, è chiamato Fauzan in Italia. Lo stesso metodo è valido per Kilimanjaro (RASE) — Fouzan (EAO) e Narav (RASB) — Narav ibn Aawan (VZAP). Solo quando un cavallo è diventato noto con il suo nuovo nome è registrato sotto questo nome. Per esempio: Aswan (RASB) — Raafat (EAO), Hadban Enzahi (VZAP) Kamel (EAO), Nil (RASB) —Azmi (EAO).

• ***IF THE HORSE WAS IMPORTED****, the initials of a foreign stud book are given after its name. This means the borse can be found as an entry in the Pedigree section (which is in alphabetical order) if one or both of the horse's parent trave not been already registered in Italy. It is possible that the names of the horses as originally used in their country of origin are given. For example: Fouzan (EAO), who was named Fawzan in France, is called Fazan in Italy. The same procedure for Kilimanjaro (RASE) — Fouzan (EAO) e Nrav (RASB) — Narav ibn Aaswan (VZAP). Only when a horse has become famous by its new name it is entered under this name. For example: Aswan (RASB) — Raafat (EAO), Hadban Enzahi (VZAP) — Kamel (EAO), Nil (RASB) — Azmi (EAO).*

• **SE IL CAVALLO E' STATO ALLEVATO O ENTRAMBI I GENITORI SONO STATI REGISTRATI IN ITALIA**, i nomi e i numeri di registrazione del padre e della madre possono essere trovati come descritto sopra.

• ***IF THE HORSE WAS BRED OR BOTH PARENTS HAVE BEEN REGISTERED IN ITALY****, names and registration numbers of sire and dam can be found as described above.*

• E' stata presa la massima cura per eliminare errori ed omissioni. Tuttavia l'ANICA apprezzerà critiche ed osservazioni su eventuali errori che venissero segnalati.

• *The utmost care has been taken to avoid error and omissione. However ANICA will appreciate criticisms and remarks about possible errors that will be pointed out.*
